Petite (5'3" and under), Tall (5'8" and over)

Bust

To find the perfect fit, measure around the fullest part of your bust.

Natural waist

Your natural waist is the narrowest bit—usually below your rib cage and above your belly button.

Hip

Hip measurements should be taken 8 inches below your natural waistline.

Topshop measurements differ from typical U.S. sizing.

Find your best fit by comparing your body measurements to the Topshop size chart above.
